This year the Eagle is dedicated not only to an outstanding teacher, but to a friend, confidant, advisor, and all around special person. She never fails to offer words of wit, wisdom, and encouragement to the people with whom she comes in contact. The Senior Class considers it an honor to gratefully dedicate this volume to Mrs. Janis Browning.

There is a club or activity for almost every interest at Chesnee High. The clubs and activities are supported by dedicated teachers and interested students. The bus drivers, ground engineers, library club members, and office workers do much to make our school a better place to be. The Beta club and French club represent our school well at conventions and festivals. Candy strippers, Medical Explorers and FHA members look toward the future in their chosen fields of study. The FFA receives training at local, state, and federal levels. We at Chesnee High School are proud of our clubs and their members.

Swofford Vocational Center offers in-depth skill training in a modern setting and in areas where business/industry needs skilled workers. The training provides a student with job-entry skills necessary to get the job and launch a career of choice rather than by chance.

Approximately 50% of the Center's graduates have pursued higher education in technical colleges, colleges, or other institutions. The vocational training often puts these students ahead of others in higher education, with some students exempting certain courses because of their training.

All courses are open to all students regardless of race, color, religion, sex, or national origin.

Food Time, Fun Time

Time To Relax And Talk

Have you ever wondered what it's like in space?
 To see the reactions on each face?
 To fly in a plane oh so high,
 Reaching the clouds up in the sky,
 What fun it would be
 To look down and see
 Little people like you and me.

Liam Leddord

She stands at the window looking to the darkness...waiting.
 Just as fall turns to grey winter, her love turns to grief.
 She realizes that just as a summer breeze passes away--
 so does his love.

Lisa Fine

The stranger with, trembling movements circled cautiously.
 Watching, waiting for the approach of an unseen danger.
 He looked hopeless and pale but strangely alert at the same time.
 Fear of darkness had possessed him.

Dammy Huskey

CREATIVITY

Chesnee High School Students

Happiness is seeing the blue purple
 of the mountains just before the
 red sun peaks them.

Michael Mills

You feel like bursting with wild emotions-
 but you restrain yourself.

It's like a jar with the lid on tight.
 Or a balloon getting bigger and bigger-
 Expanding more and more.
 Then the balloon bursts.
 All your emotions are thrown forth.
 Words leap out, lashing, like wildfire.
 This is anger.

Jeth Shields

unicorn

The mighty unicorn stands tall and straight
 She walks the path homeward
 And to extinction.

My Henderson

Someone touches me and I feel emotions
 ... feel your coolness and my mood is
 one of loneliness.

Severly Blackwell

His face is red like fire. His heart beats rapidly like water
 rushing over the rocks. He trembles like a scared rabbit run-
 ning from the dogs. He is like a caged monkey with others
 laughing at him. This is true embarrassment.

John Watson

Cougar

Slung through the darkness
She cat stalks its prey
It pounces --
The kitten has caught
its first mouse.

Vita Charman

Joy, pain and sorrow
Jealously, anger, and hate
Forever in love.

Lisa Hinkson

Danny Huskey

The cougar is a sly prowler.
He hunts very quietly.
He always gets his prey.

Daniel Jackson

Teachers

They are there for teaching
But most are preaching,
About all the bad things we do.
They seem so disgusted
When we get busted
For doing the things we do.

Jeannine Wood

The Homestead

Duyann Davis

His eyes droop scornfully as they become bloodshot.
His face and forehead become bagged with heavy wrinkles.
He looks up with rage ready to pounce on anyone who dares to speak.
It is safe to assume my father is angry!

Keith Martin

All alone - deserted and shattered
A family once lived there
No more in winter does the
Smoke roll from the chimney.

Vita Charman

The Ruler

The bold, brave, black stallion stands in the moonlight
Like shining armour on a stalking knight
He stands on his hind legs saying
He rules the world.

Sherry Hill

In the dark eyes, anger burns like a just started fire.
The brows are wrinkled in disgust, while the mouth is one thin line.
The pearly teeth are clenched together, so nothing can be said.
... "I know, I know, first recess tomorrow."

Hendy Page

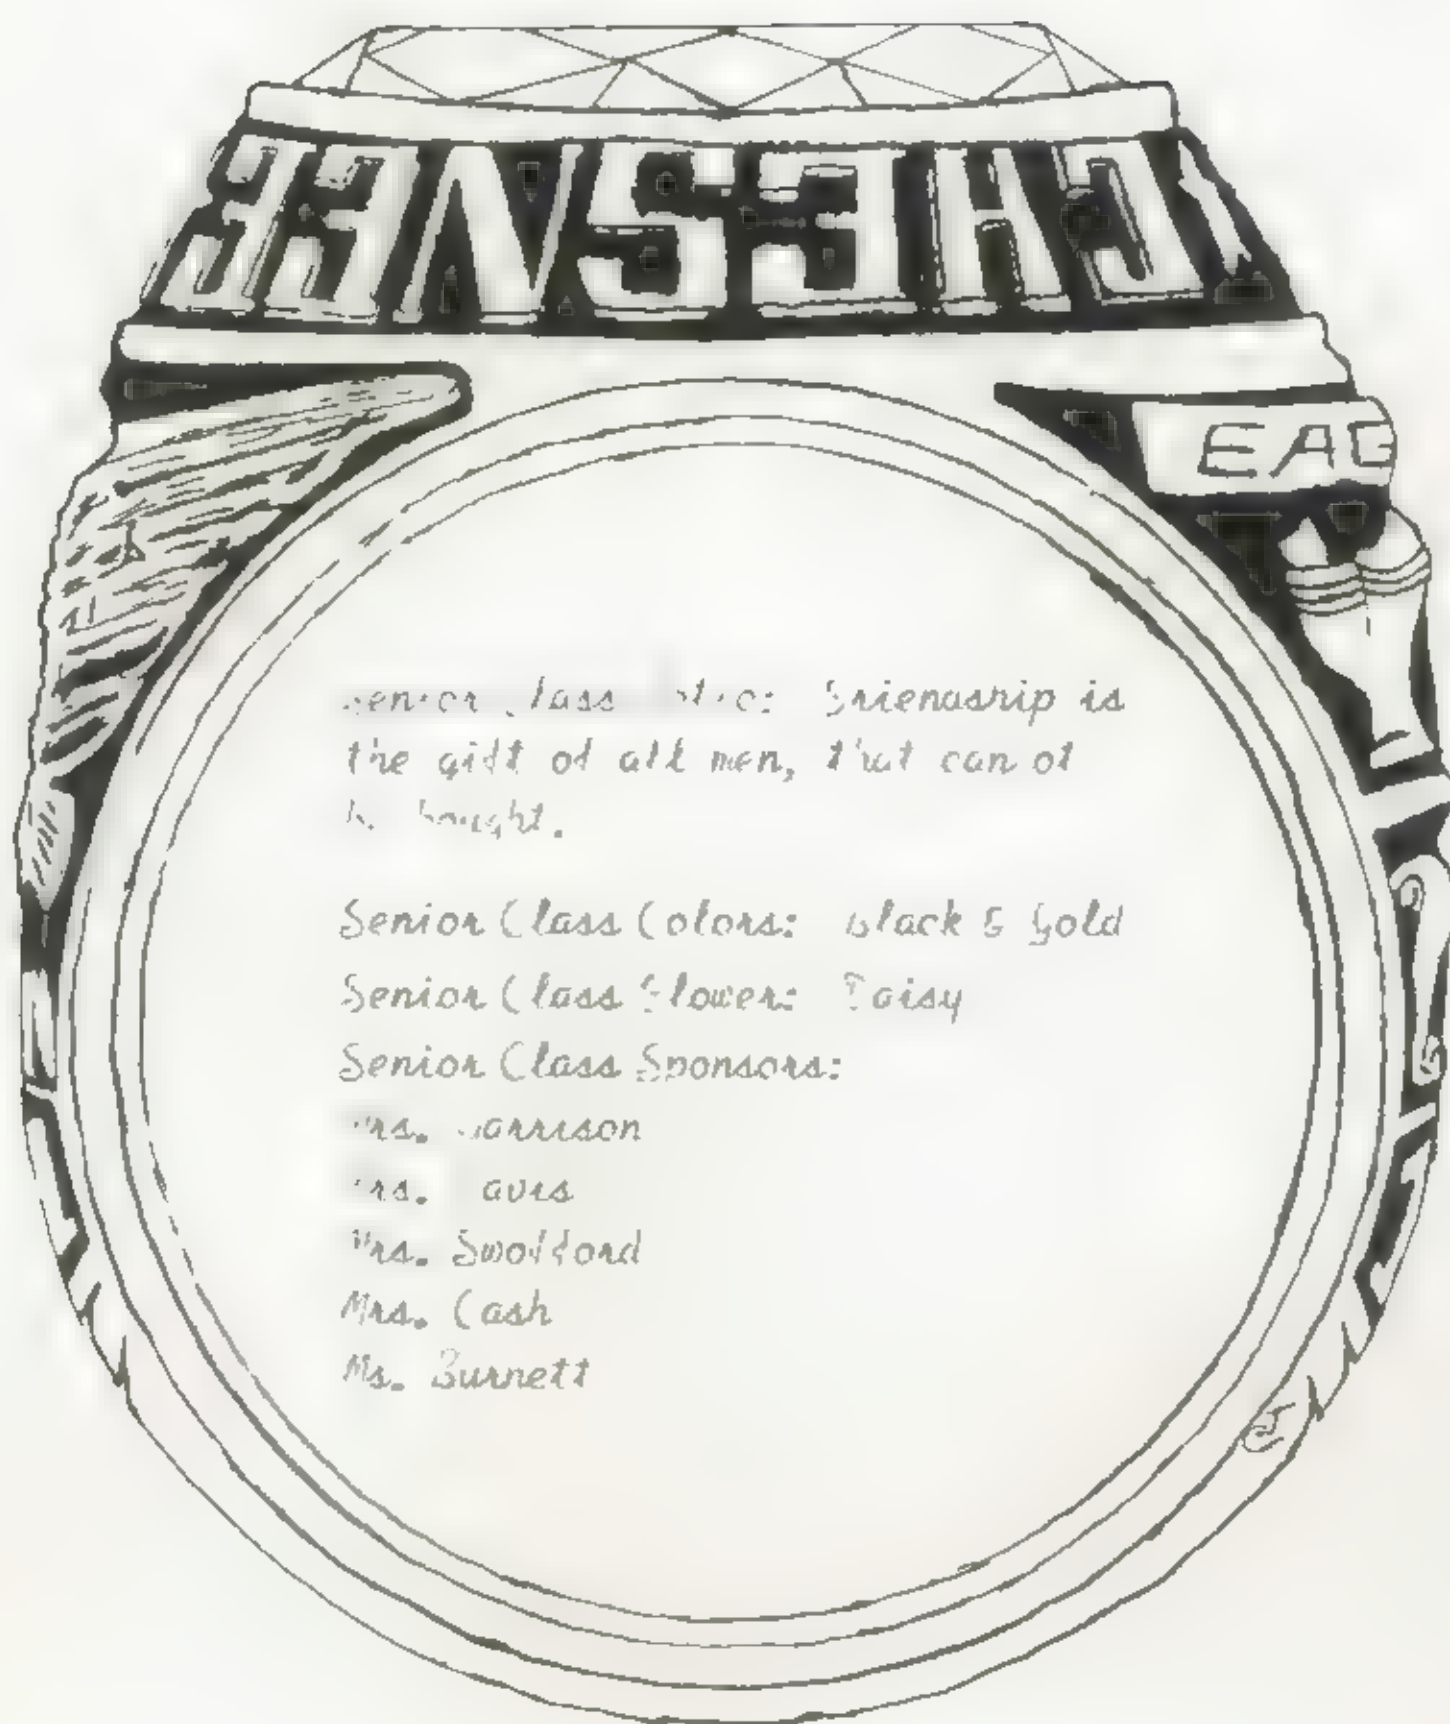

Freedom

Hunter

Freedom is for America so bold and strong,
It's for the Declaration of Independence-
The Ten Commandments, and even war.
It was war that set us free and it's war
that will keep us free.
I only speak for myself and myself alone.
It is time to take our stand and wave our flag proudly.

Perry Ezell
President

The senior class officers are selected by the senior class by popular vote. These students help with assembly programs, social activities, bulletin boards, and class reunions. They also sponsor charity programs, and pick out senior invitations. It is an honor to be elected by classmates to a position of leadership in our school.

We are never Shorthanded in business.

Kiss Me! I got the Signal.

Mr. Jolley has to study to keep up with the scholars at Chesnee.

Definitely not the U.S. Hockey team!

Scott has an Itch.

Doesn't Kim look excited!

"We Bad!"

Who Me?

Wonder what these gals are smiling about.

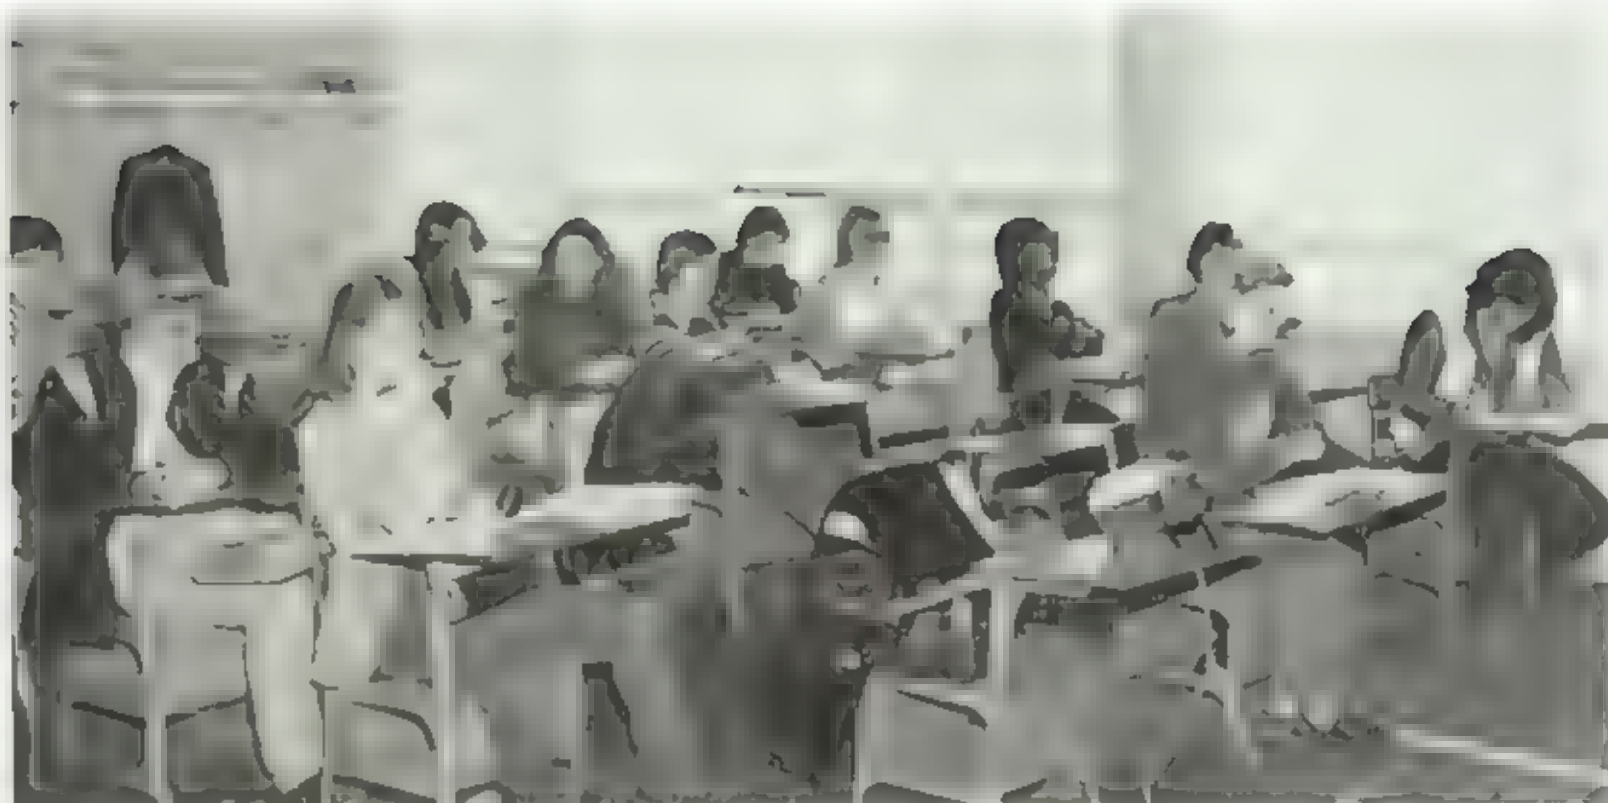

You can't resist a smile like this one!

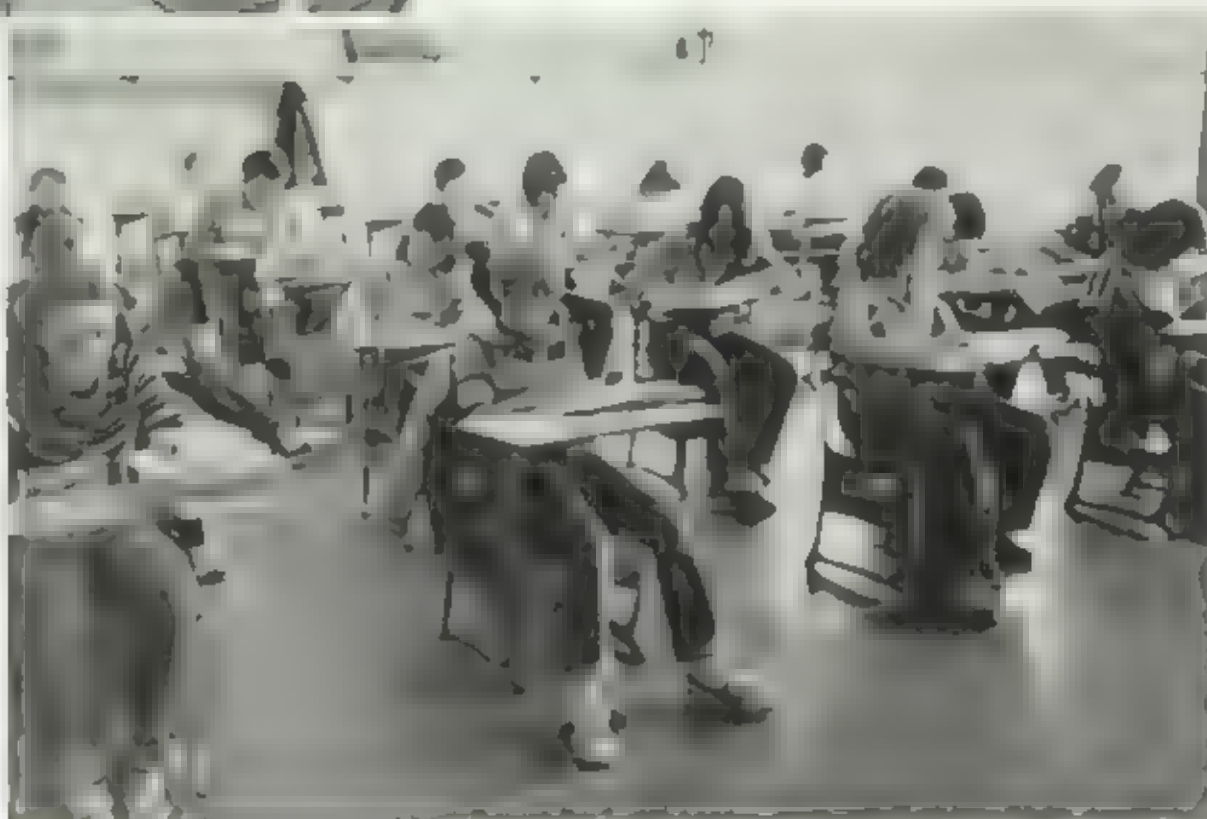

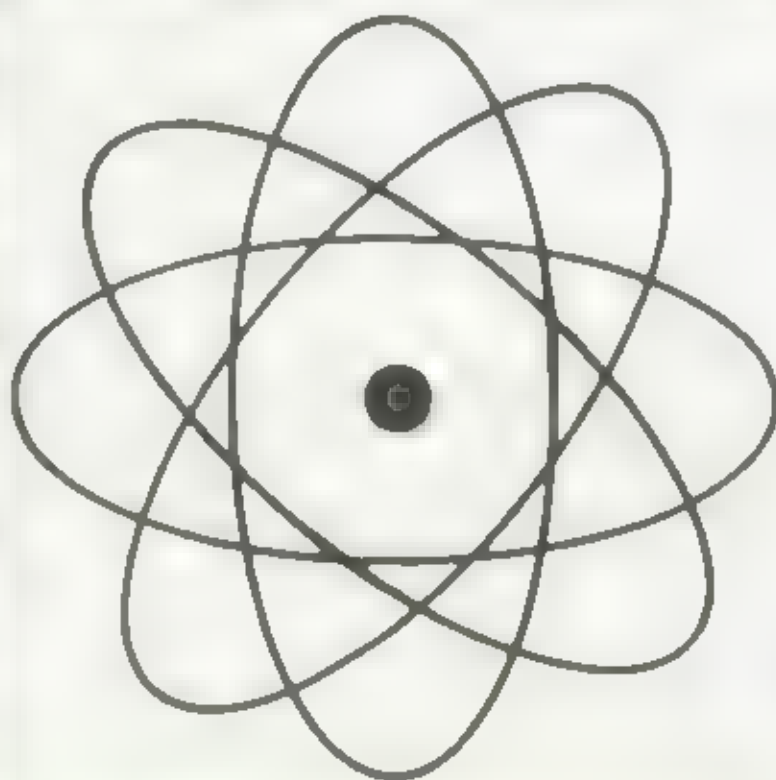

Hello down there

What's this white stuff

Scientific geniuses attend CHS

REFRESHING MINUTES OF RELAXATION

Now there's a hungry bunch.

Mrs. Gee might not like this.

Randy and Buddy needs special tutoring from Mrs. Jolley.

"Well, I never!!"

Are they goofing off or is this a learning experience?

Are they really studying?

**NOT ALL SENIORS
ARE PERFECT**

PEOPLE WE APPRECIATE

We appreciate the fine work that Rescue 7 and Rescue 8 do in the community as well as the service to the school. They are here for all emergencies. It is a feeling of "comfort" for parents as well as students and faculty to see them at all ball games. **SUPPORT RESCUE 7 AND RESCUE 8.**

Cone offers the opportunity to get ahead, to get to the top

Opportunity at Cone Mills means the potential to go all the way to the top if you have what it takes

We start with personalized training to help each individual learn the skills to perform his or her assigned job. Other companies may stop here, but we view personal development as a continuous process, and Cone's training and educational programs reflect this thinking.

Our policy is to provide the opportunity for each Cone employee to develop to his or her fullest extent possible, because we strongly believe the success and strength of the company depends on the success of individuals within the company.

We are firmly committed to promotion from within. We move people up, reward them accordingly, give them added responsibilities — and watch them grow.

At Cone, you'll certainly get the opportunity. The rest is up to you.

Cone Mills: Some 12,500 people at 22 plants. Our products include denim corduroy and fabrics for sportswear, uniforms, career apparel and home furnishings. Other businesses include fabric finishing and the manufacture of an extensive line of polyurethane foam products.

Layne McDaniel
Editor-in-Chief

I would like to thank the section editors, assistant editors, typists, and Mrs. Garrison for giving me some beautiful memories of this year. There could not be a better staff or a more understanding advisor.

The most difficult part of working on the annual is trying to decide what is to go in and what is to be left out. With only 216 pages it is difficult to fit in everything. Only a few memories of 1980-1981 can be contained in the pages of THE EAGLE, the others we will hold in our hearts.
